

CAMFIL SOLUTIONS DAY

AGENDA:

09:30 **ANKOMST & REGISTRERING**

10:00 **VELKOMST & PRÆSENTATION**

10:10 **NEW STANDARD ISO 16890**
The standard that substitutes EN779
and ASHRAE 52.2

10:30 **PROSAFE RANGE**
Certified products complying to the most restrictive
requirements of the pharmaceutical industry

11:00 **TERMINAL HOUSINGS
CLEANSEAL & PHARMASEAL:**
Solutions for Life Science applications with the
maximum simplicity of installation, validation and
maintenance
FFU: Fan Filter Unit designed for laminar air
flows with optional remote control and modular
configuration

12:00 **FROKOST**

12:45 **DUCT MOUNTED HOUSING
CAMCUBE AS**
Solution for HEPA high flow filters with innovative
integrity scan test system

13:10 **AIR PURIFIERS
AIR CLEANERS**
Solutions for the control of particle and molecular
contamination in indoor environments

13:30 **CONTAINMENT HOUSINGS (BAG-IN BAG-OUT)
CAMSAFE 2 & CAMSAFE 3 WALL MOUNTED**
Solutions with OEB 5 containment performance

14:05 **HIGH TEMPERATURE FILTRATION
ABSOLUTE D-PYRO**
The first H14 class filter leak-free at 350°C

14:30 **KAFFEPAUSE**

14:50 **NEW PRODUCT LAUNCH**

15:00 **AIR POLLUTION CONTROL SOLUTIONS
GOLD SERIES & QUAD PULSE PACKAGE**
New air pollution control BIBO technologies
for the treatment of HAPs

15:30 **CREO SOFTWARE**
The software is ideally suited for A&E companies
and end users who operate clean rooms in order
to optimize their air filtration needs

16:15 **KAFFEPAUSE**

16:35 **LCC SOFTWARE**
Life time, energy consumption and the total
operating cost of the filter installation is calculated.
Additional information such as CO2 emissions and
efficiency of the filter system is also provided

17:05 **SPØRGSMÅL & DISKUSSION**

18:00 **AFSLUTNING**
